**CHINA YOUTH MEDIA, INC.**

**PROXY STATEMENT  
ANNUAL MEETING OF STOCKHOLDERS  
TO BE HELD ON JUNE 19, 2009**

---

**INTRODUCTION**

This Proxy Statement is being furnished to stockholders of China Youth Media, Inc., a Delaware corporation (the "Company"), in connection with the solicitation of proxies by the Board of Directors of the Company (the "Board of Directors") for use at an Annual Meeting of Stockholders of the Company to be held on June 19, 2009, at 2:00 p.m., local time, at Holiday Inn – At the Pier, 120 Colorado Avenue, Santa Monica, California 90401, and at any adjournment thereof (the "Annual Meeting").

The Board has fixed the close of business on May 14, 2009 as the record date for the determination of stockholders entitled to receive notice of, and vote at, the Annual Meeting (the "Record Date"). Accordingly, only stockholders of record on the books of the Company at the close of business on the Record Date will be entitled to vote at the Annual Meeting. On the Record Date, the Company had outstanding approximately 157,346,672 shares of Common Stock, par value \$0.001 per share (the "Common Stock") which are the only outstanding voting securities of the Company. On all matters, each share of Common Stock is entitled to one vote.

The cost of soliciting proxies will be borne by the Company. In addition to solicitation by mail, officers, directors and other employees of the Company may solicit proxies by personal contact, telephone, facsimile or other electronic means without additional compensation. This Proxy Statement and the accompanying proxy card are first being mailed to stockholders on or about May 29, 2009.

Proxies in the accompanying form which are properly executed, duly returned and not revoked, will be voted in accordance with the instructions thereon. If no instructions are indicated thereon, proxies will be voted FOR all matters listed in the Notice of Annual Meeting of Stockholders and in accordance with the discretion of the person(s) voting the proxies with respect to all other matters properly presented at the Annual Meeting. Execution of a proxy will not prevent a stockholder from attending the Annual Meeting and voting in person. Any stockholder giving a proxy may revoke it at any time before it is voted by delivering to the Secretary of the Company written notice of revocation bearing a later date than the proxy, by delivering a later-dated proxy, or by voting in person at the Annual Meeting. Attendance at the Annual Meeting will not, in and of itself, constitute revocation of a proxy. The holders of a majority of the shares of Common Stock outstanding and entitled to vote as of the Record Date, present in person or represented by proxy, shall constitute a quorum for the transaction of business at the Annual Meeting. A plurality of the votes cast at the Annual Meeting will be required for the election of directors. Approval of amendments to the Stock Plan and ratification of the appointment of Tarvaran Askelson & Company, LLP as the Company's independent public accountants requires the affirmative vote of a majority of the votes cast at such meeting. If a stockholder, present in person or represented by proxy, abstains on any matter, the stockholder's shares will not be voted on such matter. Thus, an abstention from voting on a matter has the same legal effect as a vote "against" the matter, even though the stockholder may interpret such action differently.

A member of the Board will contact for further review those candidates who they believe are qualified, who may fulfill a specific Board need and who would otherwise best make a contribution to the Board.

## **APPROVAL OF AMENDMENTS TO THE STOCK OPTION AND RESTRICTED STOCK PLAN**

### **Background**

Effective July 20, 2005, the Board of Directors approved our 2005 Stock Option and Restricted Stock Plan (the "Stock Plan") which was approved by the stockholders on July 14, 2006. Under the Stock Plan, we can issue restricted shares of common stock, options to purchase shares of common stock (both incentive stock options and non-incentive stock options) and warrants to purchase shares of common stock to employees, directors and consultants. The number of shares subject to the Stock Plan may not exceed 15,000,000 shares. The Stock Plan is administered by our Compensation Committee.

On May 6, 2009, the Board of Directors adopted, subject to stockholder approval, certain amendments to the Stock Plan. The affirmative vote of a majority of the votes cast on this proposal at the Annual Meeting is required to approve it. The amendments to the Stock Plan are as follows:

- Increase the number of shares subject to the Stock Plan from 15,000,000 shares to 50,000,000 shares; and
- Permit options awarded under the Stock Plan to be exercised in various ways other than by payment in cash.

As of December 31, 2008, there were options outstanding to acquire 7,533,333 shares of common stock, leaving 8,016,667 options available for future grant. On May 11, 2009, the Board of Directors took the following action effective immediately, subject to stockholder approval of the amendments to the Stock Plan described herein:

- With the consent of Jay Rifkin, the Company's President and Chief Executive Officer, the Company canceled options held by him to purchase 4,400,000 shares of common stock, exercisable at \$0.85 per share, and granted Mr. Rifkin options to purchase 3,750,000 shares of common stock with an exercise price of \$0.13 per share which stock options vest fully on the date of grant. In addition, the Company granted Mr. Rifkin options to purchase 20,000,000 shares of the Company's common stock with an exercise price of \$0.13 per share, which stock options shall vest annually over a period of four years from the date of grant.
- With the consent of each of the Company's four non-employee directors, the Company cancelled options held by such directors to purchase an aggregate of 1,450,000 shares of common stock, exercisable at prices ranging from \$0.25 to \$1.50 per share, and granted options to such four directors to purchase an aggregate of 1,200,000 shares of common stock, with an exercise price of \$0.13 per share, which stock options vest fully on the date of grant. In addition, the Company granted each of the four directors options to purchase 2,000,000 shares each with an exercise price of \$0.13 per share, which stock options shall vest annually over a period of four years from the date of grant.
- The Company granted to three employees options to purchase an aggregate of 7,000,000 shares of common stock with an exercise price of \$0.13 per share. A portion of these stock options were vested on the date of grant with the remaining amount vesting over a period of four years from the date of grant.

### **Recommendation of the Board of Directors**

The Board of Directors believes that it is in the Company's best interests to amend the Stock Plan to provide for an increase in the aggregate number of shares of common stock that may be used for awards under the Stock Plan and permit options awarded under the Stock Plan to be exercised in various ways other than by payment in cash. The Board of Directors believes that this proposed increase in the total number of shares available for awards under the Stock Plan is necessary insofar that the current number of shares available under the Stock Plan is not sufficient to allow the recent options granted as described above to be exercised. In addition, the Board believes that this proposed increase in the total number of shares available for awards under the Stock Plan is necessary to ensure that a sufficient number of shares will be available to fund our compensation programs in the future. Therefore, if our stockholders do not approve these amendments, we will experience a shortfall of shares available for issuance under the Stock Plan and prevent us from providing flexibility to recipients of stock options in the way options can be exercised, all of which we believe will adversely affect our ability to attract, retain and reward employees, directors and consultants who contribute to our long term success.

## Summary of the Stock Plan

The following summary of the Stock Plan, as amended by the amendments described herein, is qualified in its entirety by the specific language of the Stock Plan. A copy of the full text of the amendment to the Stock Plan is attached hereto as Exhibit A. A copy of the Stock Plan will be made available without charge to any person upon his or her written request, which request should be directed to the Company at 4143 Glencoe Avenue, Marina Del Rey, CA 90292.

*Purpose.* The purpose of the Plan is to advance the interests of the Company by providing key employees of the Company who have substantial responsibility for the direction and management of the Company, as well as certain directors, employees and consultants with additional incentives to exert their best efforts to increase their proprietary interest in the success of the Company, to reward outstanding performance, and to attract and retain persons of outstanding ability.

*Authorization.* The Plan provides for the issuance of a maximum of 15,000,000 shares of Common Stock, which may be issued as restricted shares of Common Stock, options to purchase shares of Common Stock (including non-qualified stock options and also incentive stock options (ISOs) and warrants to purchase shares of Common Stock. If stockholder approval to the plan amendments is obtained, 50,000,000 shares will be authorized for issuance under the Stock Plan.

*Administration.* The Plan is administered by a Committee of the Board of Directors comprised of at least two members of the Board. The Committee interprets the Plan and, to the extent and in the manner contemplated in the Plan, exercises the discretion reserved to it in the Plan.

*Participants.* The Committee determines and designates those employees, directors and consultants of the Company who are eligible to participate in the Plan. The Committee also determines the number of options, warrants and shares of restricted stock to be awarded to each participant.

*Award Agreements.* All options, warrants and restricted stock granted under the Plan are evidenced by an agreement. Agreements evidencing awards made to different participants or at different times need not contain similar provisions.

*Terms of options and warrants.* Stock options and warrants are granted under the Plan at a price not less than the prevailing market value at the time of grant and will have realizable value only if the Company's stock price increases. The Committee determines the amount and features of the stock options and warrants, if any, to be awarded to participants.

*Exercise of options and warrants.* Options and warrants are exercisable at a price equal to the fair market value of the shares at the time the option or warrant is granted, provided, however, that the exercise price of any option that is intended to be treated as an ISO and that is granted to a holder of 10% or more of the Company's shares may not be less than 110% of such current fair market value. For purposes of the Plan, the fair market value of the shares as of any date is the average of the high and low trading prices of the shares on that date. Full payment for shares purchased pursuant to an option or warrant shall be made at the time of exercising the option or warrant in whole or in part. If stockholder approval to the plan amendments is obtained, payment of the exercise price shall be made in the manner set forth in the award agreement, which unless otherwise provided by the Committee, may include: (i) in cash or by cash equivalent acceptable to the Committee, (ii) by payment in shares of Common Stock underlying the Stock Option being exercised valued at the fair market value of such shares on the date of exercise, (iii) to the extent permitted by law, through an open-market, broker-assisted sales transaction pursuant to which the Company is promptly delivered the amount of proceeds necessary to satisfy the exercise price, (iv) by a combination of the methods described above or (v) by such other method as may be approved by the Committee and set forth in the award agreement.

*Awards of Restricted Stock.* Each award of restricted stock contains a vesting schedule, which sets forth the times at which the participant will acquire a nonforfeitable right to the shares awarded to him or her.

*Amendment and termination.* The Board of Directors may amend or alter, suspend or discontinue the Plan at any time. While the Board may seek shareholder approval of an action modifying a provision of the Plan when deemed advisable, the Board may make certain modifications without shareholder approval. The Plan will terminate ten years from the date of its adoption by the Board.

*Federal tax consequences of the Plan.* The following is a summary of certain federal income tax consequences of transactions under the Plan based on current federal income tax laws. This summary is not intended to be exhaustive and does not describe state, local, or other tax consequences.

*Non-qualified stock options and warrants.* The grant of a non-qualified stock option or a warrant under the Plan will not result in the recognition of taxable income to the participant or in a deduction to the Company. In general, upon exercise, a participant will recognize ordinary income in an amount equal to the excess of the fair market value of the shares of common stock purchased over the exercise price. The Company is required to withhold tax on the amount of income so recognized, and is entitled to a tax deduction equal to the amount of such income. Gain or loss upon a subsequent sale of any shares of common stock received upon the exercise of a non-qualified stock option or a warrant is taxed as capital gain or loss (long-term or short-term, depending upon the holding period of the stock sold) to the participant.

*Incentive stock options.* Generally, neither the grant nor the exercise of an incentive stock option will result in the

recognition of taxable income by the participant. Rather, when the participant disposes of stock acquired upon exercise of an ISO, the participant will recognize income in the amount of the excess of the amount realized upon disposition (if any) over the exercise price. This special tax treatment is available only if the participant does not dispose of the stock acquired upon the exercise of the ISO before the later of the first anniversary of the date of exercise or the second anniversary of the date of the grant of the option. A disposition before that time is referred to as a "disqualifying disposition." If a participant effects a disqualifying disposition, he or she will generally have income taxable at ordinary rates equal to the excess of the fair market value of the stock on the date of exercise over the exercise price and income taxable at capital gains rates on any amount realized on disposition in excess of the fair market value of the stock on the date of exercise. The Company is generally not entitled to any deduction in connection with the issuance or exercise of an ISO. If, however, a participant effects a disqualifying disposition, the Company will be entitled to a deduction in an amount equal to the amount of income recognized by the participant that is taxable at ordinary income rates.

**Restricted Stock.** The grant of an award of restricted stock will not result in the recognition of taxable income or in a deduction for the Company. Instead, when a participant becomes vested in shares of restricted stock, the participant generally will recognize income taxable at ordinary income rates in an amount equal to the fair market value of the stock on the date of vesting, and the Company will be entitled to a corresponding deduction. A participant may, however, make an election to include in income at the time of grant the fair market value of the restricted stock by making an election under section 83(b) of the Code within 30 days of the award of restricted stock. The Company will be entitled to a corresponding deduction. If the participant subsequently forfeits shares of restricted stock, he or she may not be entitled to claim a deduction or a loss.
