The compilation, dissemination and review of the information required to be presented in the Form 10-KSB for the relevant period has imposed time constraints that have rendered timely filing of the Form 10-KSB impracticable without undue hardship and expense to the registrant. If the answer is no, identify report(s).
Yes No

- (3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?
Yes No

If so: attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

Digicorp (the "Company") anticipates that its revenue, operating expenses and net loss for the year ended December 31, 2005 are significantly greater than the revenue, expenses and net loss for the year ended December 31, 2004. The increase in revenue is primarily the result of an increase in the direct sales of our licensed content during the year ended December 31, 2005 by the Company's subsidiary Rebel Crew Films, Inc. The Company did not have any direct sales in the prior year. Operating expenses increased primarily due to an increase in compensation paid to consultants as well as legal and accounting fees during 2005, and also due to increases in rent expense, amortization expense related to the increased number of license agreements, and due to an increase in general and administrative expenses attributed to the overall expansion of the Company's business during 2005. Net loss increased as a result of the above factors.

A reasonable estimate of the results cannot be made at this time due to the fact that the compilation, dissemination and review of the information required to be presented in the Form 10-KSB has not been completed.
