TSX Venture Exchange to Provide Growth to Existing Shareholder Base and International Expansion in Support of Corporate Growth Initiatives

Corsicana, TX, July 10, 2023 -- Midwest Energy Emissions Corp. (OTCQB: MEEC) (“ME₂C Environmental” or the “Company”), a leading environmental technologies firm, announced today that it has received final approval from the TSX Venture Exchange (the “TSX-V”) to list its shares of common stock on the TSX-V. The shares will begin trading on the TSX-V on July 10, 2023, under the ticker symbol “MEEC”.

ME₂C Environmental will be listed as a “Tier 1 Industrial, Technology Issuer”. The Company’s common stock will continue to trade on the OTCQB Venture Market operated by OTC Markets Group Inc. in the United States.

“Expansion into the Canadian market is occurring at the ideal time in our company’s growth,” stated Richard MacPherson, Chief Executive Officer of ME₂C Environmental. “Trading on the TSX Venture Exchange is an exciting milestone for our company and our shareholders as this large North American market will allow for increased momentum of strategic corporate growth initiatives that are currently underway.

Continued MacPherson, “ME₂C’s existing presence in the Canadian market will be more fully rooted from the recent appointments of our New Brunswick-based CFO Greg Powell and new Director, Troy Grant, based in Nova Scotia. Gaining new shareholders both in Canada and in other international markets will provide ME₂C with a stronger market position as we introduce our environmental technologies beyond North America.”
